COLLINS IS FOUND DEAD IN CAVE

DEATH BEATS RESCUE PARTY IN CAVE RACE

Death of Floyd Collins Due To Exhaustion, Starvation, Exposure, Thirst

EFFORTS MADE TO FREE BODY

Parents of Man Sign an Agreement for Legs to be Amputated in Cave

By A. H. KIRKLAND.
(By Universal Service)

CAVE CITY, Ky., Feb. 16.—Floyd Collins is dead.

The poor "caver" had of the Kentucky Knob country was reached by rescuers at 1:30 o'clock this afternoon, but they were too late.

His body is still in the narrow crevice where it was trapped more than two weeks ago, on Friday, January 30. "It may not be possible to take it from its natural tomb in his beloved Sand Cave for another day, but intensive efforts are being made to free it.

Death was due to acute physical exhaustion, starvation, exposure and thirst, according to a statement issued jointly by Dr. William P. Hazlett of St. Luke's Hospital, Chicago, and Dr. C. E. Francis of Bowling Green, Ky., medical officers of the 149th Kentucky Infantry.

They descended the shaft and penetrated to the end of the lateral tunnel, making their observations through Mike Brennan, a shaft worker, whose small stature made it possible for him to descend the vertical tunnel opened through solid limestone directly above Collins' body.

JAWS OF VICTIM SET
Collins' jaws were rigid and his eyes were deeply sunken. There was no evidence of pulse either at the temple or wrist, and no movement of the chest was discernible.

Lee Collins and his wife, father and stepmother of Floyd Collins signed an agreement tonight giving the authorities permission to amputate the legs of their son if it is found impossible to remove the body without endangering the lives of workmen. The exact exigencies of the situation may not be known for several hours.

The need of the intensely human drama that has been enacted here since his plight became known, and which focussed the attention of the civilized world on a lad whose name had previously been unheard of beyond the confines of this immediate vicinity, came suddenly when workmen broke through a ledge of solid limestone directly above his head.

Actress Daughter Of Local Merchant Dies In New York

Miss Dorothy Harris, daughter of M. Harris, proprietor of the Globe Clothing store in this city, and well-known actress on Broadway, N. Y., died in New York City on last Friday. Death came as a result of an operation for brain trouble.

Miss Harris, who went under the stage name of Amera Tamar, was famous on the legitimate stage and was well known in this vicinity where she spent several months some time ago on a visit. She formerly resided in Los Angeles.

Chamber Of Commerce To Prepare For Big Activity

With the work of the new year well under way the Richmond Chamber of Commerce is looking for one of the most prosperous years in the history of the development of this city.

A closely knit organization which is boosting Richmond has been created by the chamber through its membership during the past year. In order that all those who are members may be recognized as such the membership committee of the chamber has sent out a request that all those who do not have the emblems of membership at their place of business obtain them as soon as possible.

If you are a member of the Chamber of Commerce you are entitled to have one of the beautiful membership emblems in your window or on your automobile windshield, or both. The Chamber of Commerce will be glad to accommodate you and if you will call Richmond 374 or drive your car around to 311 Tenth street the emblem will be put in place for you. Plenty of the emblems are on hand at the office of the chamber and will be distributed without cost to the members.

Fire Destroys Kitchen Building

A shack used as a kitchen by George Washington, colored garbage collector, at Du Boe and Kelsey streets caught fire and was totally destroyed on Monday night at 7:39 p. m. The shack was used by Washington as a kitchen and was apart from the other buildings to which little damage was done. The cause of the fire is unknown, nor has the extent of the loss been determined.

No. 1 Chemical truck and No. 2 Engine were detailed to the scene of the blaze. The fire was outside of the city limits so more apparatus was not sent.

Street Paving Request Laid Over By City Council

Petitions for laying sidewalks and street improvements on Thirty-seventh street between Wall and Macdonald avenues; Ohio, Center, Florida and Waller avenues from Thirty-Seventh to Forty-sixth streets, were laid over one week by the city council last night in order to give the city engineer time to prepare plans and specifications for the work. The street committee recommended cement sidewalks and gutters, and street improvements consisting of 5 inches of waterbond macadam with an inch and half on National surfacing.

Request for the paving of Johnson avenue and Spring street was laid over by the city council last night for one week to give City Engineer Hoffman time to prepare plans and specifications. The street committee ended improvement with five inch water bond macadam and one and a half inches of National paving.

TO CHANGE KEY BUS ROUTE

A petition requesting that the route of the Key system bus to the Southern Pacific ferry slip be changed to Garrard boulevard to Standard avenue, to Washington, to Richmond avenue and thence back to Garrard boulevard and the ferry, was referred to the city manager to take with the Key system management to have the change effected.

PHOTOGRAPH OF ENTOMBED MAN SHOWS FLOYD COLLINS AS HE ENTERED SAND CAVE ON HIS LAST EXPLORATION

Here is Floyd Collins, who has been trapped in a sand cave by a boulder for two weeks, at Cave City, Ky., as he entered the cave from which he never came out alive. This photograph was taken inside the cave by flashlight just before he was pinned down by the boulder.

Rescuers broke through the roof of the cave tomb yesterday and found Floyd Collins dead, still pinned by the huge boulder which trapped him two weeks ago. Collins frequently made exploring trips into the caves of the community.

Richmond Pupils Study Relief Map In Ferry Building

Almost every day grammar and school classes from Alameda, Berkeley or Oakland cross the bay to study the California Relief Map in the Ferry Building, but not until yesterday had a delegation come from Richmond, when 80 pupils of the class of general science of the Roosevelt Junior High School in charge of Miss Marie Weidlin went over on the new S. P. ferry to look over the colossal model.

"In the half hour the pupils have spent in study of this wonderful map they have gained a better general visualization of the state as a whole than they had previously possessed," said Miss Weidlin to an officer of the California Development Association, who pointed out some of the physical features on the model and gave statistics concerning its construction and cost.

Miss Weidlin was enthusiastic over the value of the relief map to the schools of the bay region and predicted that every geography class in Richmond would be taken across the bay to view it.

Sewer Problem to Be Studied by City Council Wednesday

In the matter of the extension of the Tenth street sewer, which has been complained of by the Elks Dock and Landing company through J. Emanuel, the committee appointed by the city council last week reported last night that they had interviewed the United States army engineer in San Francisco and had been informed the government would not permit a storm sewer to empty into the inner channel. No objection was made to the sanitary sewer.

It was the unanimous opinion that something should be done in the matter as soon as possible and the city engineer was instructed to prepare estimates of the cost of extending the sanitary sewer to a permanent location, the storm sewer to be taken up later. In the meantime the city council and city officials will go over the property in person and enmasse Wednesday afternoon.

Cyanide Poison Found in Stomach In Mystery Death

Death due to potassium cyanide poisoning was the report returned by Frank P. Green, city chemist of San Francisco, who examined the stomach of the Louis Rohl, plumber, of 109 Mason avenue, West Side, who died at his home Sunday noon, after being taken with sudden convulsions.

The cause of his death was unknown to local authorities, as no one had seen Rohl take the poison. An empty bottle that contained an acid used by plumbers was found, indicating the poison theory. The poison acted very quickly, however, as the victim died ten minutes after the first symptoms were noticed.

On being taken with convulsions, Rohl staggered from the house and expired outside before Dr. L. St. John Hely, who had been sent for, could reach him.

To make certain of the cause of death the stomach of Rohl was sent to the city chemist of San Francisco, for examination, with the result that it was found that potassium cyanide poisoning had been taken.

The body was taken in charge by Coroner C. F. Donnelly, and the time for the inquest will be set today. Police are conducting an investigation to determine the motive for the act.

Rohl is survived by a widow, Mrs. Lulu Rohl, to whom he had been married for two years and a half, residing in this city for that period of time. Others who survive him are Mrs. Charles Greendale, San Francisco, a mother; a brother, George Rohl, Daly City, and a sister, Mrs. Tulla Faust, Sunnyvale, Cal.

According to the coroner's office nothing could be learned from the victim's family in regard to the case. They did not wish to discuss it.

CITY GETS PARK DEED

A deed to property in the Santa Fe tract to be used for park purposes was accepted by the city council last night and the sum of \$800 was ordered paid to G. L. Johnson, donor of the deed.

The government engineer suggested that the sewer should be extended to somewhere around Stege.

DEATH CALLS M. H. DE YOUNG S. F. PUBLISHER

Founder of 'Chronicle' Dies Following Operation at Dante Sanitarium

DEATH VERY UNEXPECTED

Active Career in Interest of Public Welfare and Civic Betterment, Closed

The funeral of M. H. de Young will be held at 10:00 o'clock Wednesday morning from St. Mary's Cathedral, it was announced this morning by relatives.

(By Universal Service)

SAN FRANCISCO, Feb. 16.—Arrangements for the funeral of M. H. de Young, pioneer publisher of San Francisco, who died suddenly early last night at the Dante Sanitarium following an operation, will be completed today. It was announced by members of the family.

As publisher of the "Chronicle," de Young had been actively identified with the social and civic affairs of San Francisco for the last 60 years. He was 75 years old and began his career as a publisher in this city at the age of 15 years when he founded with his brother, Charles de Young, the "Dramatic Chronicle." This later became the daily paper with which his name has been so closely associated in recent years.

The recent opening of the "Chronicle's" new home on Mission street marked the last step in the growth of the newspaper started by de Young and stands as a monument to his name in San Francisco and California. The M. H. de Young Memorial Museum in Golden Gate Park is another heritage left this city through his untiring efforts to give something for the benefit and pleasure of the largest number of persons. He founded the museum and it was largely through his constant direction and financial support that it has become one of the greatest collections of its kind in America.

San Francisco's two great exhibitions were fostered by de Young. He acted as director-general of the Mid-Winter Fair in 1894 and as vice president of the Panama-Pacific Exposition in 1915. He was always closely identified with the republican party in San Francisco and throughout California. His activities in promoting movements for the betterment of the city, county and state were well known and very few of the larger affairs of recent years were conducted without his support.

Intestinal trouble with which he was stricken Saturday night made an operation necessary after his removal to the sanitarium. Dr. Stanley Stillman, assisted by Dr. John Strickeler, performed the operation. For a brief period he appeared to rally after the operation, but began to grow weaker early in the evening and died just before 8:00 o'clock.

Asks Garage Permit At 10th and Barrett

Application for a permit to erect a gasoline service station at the corner of Tenth and Barrett avenue was received by the city council last night from R. A. Wells. The petition was referred to the city planning commission for a nearly report.

Other Cities Adopt Local Stand On Gas Tax Increase

According to word received yesterday at the Richmond Chamber of Commerce, a resolution similar to the one recently passed by the local opposing chamber, the increase in the gas tax has been passed by the Alameda Chamber of Commerce. The communication received here sets forth that copies of the resolution have been sent to our representatives in the state legislature and others interested.

This resolution is the direct result of one hundred copies of the Richmond resolution that were forwarded to various chambers of commerce in the state.

The resolution as sent out and adopted by the Richmond Chamber of Commerce as well as Alameda, sets forth that the proposed increased tax would impose a burden upon a large number of the people of this state and relieve the people at large of a part of their obligation to support general public improvements in proportion to their ability as indicated by their taxable wealth.

The resolution further sets forth that the proposed tax is considered unsound in principle and a violation of the fundamental principle of taxation in that it is a tax upon a part of the people for the benefit of all the people, also that it is a tax upon consumption which is not considered a fair criterion of tax paying ability.

A charge is also made in the resolution that the proposed increase in the gasoline tax is unjust and inequitable in that it is at tax upon the product of one of California's greatest industries without imposing a corresponding burden upon other industries in the state.

Berkeley School Head Pleads Guilty To Embezzling Cash

(By Universal Service)

BERKELEY, Feb. 17. (Clyde Insley Blanchard, former business manager of the Berkeley Board of Education and faculty member of the Extension Division of the University of California, charged with embezzlement of public funds to the amount of \$10,000, pleaded guilty yesterday before Superior Judge Fred V. Wood in Oakland and will be sentenced Saturday morning.

Blanchard has been in the county jail in Oakland since December 29 in default of \$30,000 bail following two indictments returned by the Alameda county grand jury charging defalcations of the funds of the Berkeley school board.

The trial on the first of two indictments was set for yesterday morning before Judge Wood and decided to plead guilty. He had previously pleaded not guilty to both indictments.

Concession Ground Matter Postponed

In the matter of the disposition to be made of applications for garage and restaurant space at the Richmond ferry slip, the city council reported last night that the meeting scheduled to be held on this subject last week was called off on account of rain. Another meeting was set for Wednesday at 1 o'clock, when the members of the council and city officials will go over the ground. Decision will then be made on the purpose for which the ground will be leased.

WORKINGMAN WINS FIGHT, 20 MILLION

Butte County Miner and Laborer Hears Decision Of U. S. Appeals Court

AFTER 18-YEAR LAW SUIT

Inventor Told of News In a Cheap San Francisco Water Front House

(By Universal Service)

SAN FRANCISCO, Feb. 17.—In a cheap room in a sailors' boarding house on San Francisco's waterfront George Campbell Carson, Butte miner and "roustabout," yesterday was informed that he had won his lawsuit against the combined copper interests of the nation, involving royalties and damages estimated at \$20,000,000.

No romance of American industry equals that of the simple God-fearing workingman, who, after twenty years of litigation, is lifted by yesterday's decision of the United States Circuit Court of Appeals from pauperism to the position of one of the richest men in the nation.

Under this decision the American Smelting and Refining Company and the Phelps Dodge company, two huge corporations, are held to be using a device invented by Carson 19 years ago. The corporations must render an accounting to him of all profits they have made from the invention.

SIMILAR SUITS.
Similar suits, all of which will be affected by the decision, are pending against the Anaconda Copper company and the United Verde company, which latter is controlled by the heirs of the former Senator Clark of Montana.

The suit revolves about a patent for the side-feeding of reverberatory furnaces in smelting, developed while the plaintiff was a common laborer in Denver. Watching the laborers feed these furnaces from the top, he was impressed, the testimony in the case shows, with the waste of human energy as well as money. Returning to his boarding house he made the first crude drawings for his side-feeding device which has since been adopted by all the great smelters of the country.

SEEKS RECOGNITION.
That was in 1906. His story from that date is one of persistent struggle to gain recognition for his improvement and afterward to secure the rewards from it. Unable to employ patent attorneys, which were rejected three times because of poor spelling before he finally secured his patents.

Ferry Passengers Complain of Rain

Complaint that people waiting for the bus and the ferry boat at the new S. P. Ferry slip were compelled to stand out in the rains during the recent storm, was received by the city council last night and referred to the city manager to be taken up with the management of the two companies with the view of having an awning placed around the ticket office at the ferry slip.

STANDARD ORDINANCE PASSES

The ordinance providing for the widening of Standard avenue was given its second reading by the city council last night and ordered adopted.

A NEW MEASURE OF TIME

International business interest in the subject of calendar reform will probably be considered by the council of the international chamber of commerce at its next meeting in Paris.

After much discussion and consideration by a special committee of the League of Nations, co-operating with representatives of the Christian churches, the question has been reduced to two alternatives. These are:

The division of the year into four quarters, each of 30, 30 and 31 days months, with different day names for each of the 91 dates;

The division of the year into 13 equal months of four weeks, each day name being the same for the 28 days.

According to the latter arrangement, Sunday would always be the first day of the week, Easter, Whitsuntide, and other religious feast days would be fixed; Easter coming on Sunday, April 15. The extra month would be Solstice, the seventh of the year. Christmas would always fall on Tuesday, December 25.

Which of the proposed plans American business will favor is one of the questions to be taken up at the forthcoming meeting of the international chamber.

The time saved under the thirteen-month plan, it is asserted, would mean a saving of hundreds of millions of dollars, but it would introduce confusions into family records of birthdays and wedding days and necessitate the conversion of statistical records of the past to the thirteen-month scheme for purposes of comparison.

NO DISASTER HERE

Uncle Sam closed his trade balance sheet for 1924 with about one billion on the right side of the ledger.

It will be recalled during the last campaign that the third party speakers and the free trade democrats predicted universal disaster as a result of the existing tariff law. They announced from that stump that our exports would dwindle to naught, but the department of commerce in figures just made public states that the exports reached the amazing total of \$4,590,146,873 while the imports amounted to \$3,610,552,566. The export total for 1923 was \$4,167,493,000 and imports for that year were valued at \$3,792,065,963. So it will be seen that imports have decreased while our exports have gained in value. Our largest foreign purchaser last year was Great Britain who took \$982,034,509 while imports from that country amounted to only \$336,476,902. Our exports to Germany were valued at \$44,537,797 and imports totaled \$139,257,900. France took \$281,663,972, while we imported from that country \$147,636,972.

FROM EVERYBODY'S POCKET

President Coolidge says that he is convinced that the broadening of the field of federal aid, which is proposed for everything under the sun from reforesting the hills down to instructing women in the business of maternity, is detrimental both to the federal and state governments.

We cannot abandon to the government the duties that belong to the states, the counties and ultimately to the people without losing the principle of independence and initiative upon which our form of government was founded. This system destroys the sense of direct obligation and makes the people, in effect, servants of the government—socialism.

Another thing: The government has no way of getting money for all of these projects except by taxation. Grants from the government are really grants from everybody's pocket.

ESSENTIALS FOR SERVICE

H. M. Atkinson, of the Georgia Railway and Power Company, gives five factors essential to the development and increase of new industries.

1. Availability of raw material.
2. Labor supply and conditions, both skilled and unskilled.
3. Transportation facilities.
4. Power supply.
5. A favorable attitude of the public mind toward the establishment and operation of industries.

Given the first four, development is impossible without the fifth. The public mind is brought to a favorable attitude by the constancy of our modern industries and public service companies to the ever-increasing needs of the people for new and varied products and services.

The Parrish junior high school at Salem, Ore., has extended its curriculum to include a course on how to dodge motor cars. Why not teach motorists how to drive so that pedestrians won't have to dodge? The supreme test of a man's character, is the way he acts at the wheel of a motor. Any man who doesn't own a car will uphold us in this.

Sung Shouldered, Finger-tip Jackets and Short Straight Skirts Are Combined to Make Smart Suits: a Spring Attraction.

NO ONE seems to be predicting a season of great popularity for the tailored suit this spring. At most its interest will be short-lived, says one authority. Others seem to think that only the woman who has a very large wardrobe will be interested in this type of garment.

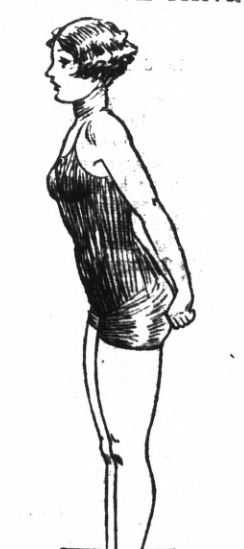

The new suit of the season, you know, is through the shoulders and the upper part of the sleeves. The latest notion of the smart tailored suit requires two contrasting materials—a snugly fitting jacket of navy blue for instance with waistcoat and skirt of buff.

Some of the new suit skirts are of the wrap-around variety—dramatic affairs that require an amazingly little material when made in Paris. Sometimes they have the inverted box pleat at the front that has proved to be such a successful method of introducing fullness into a skirt without taking from its straightness.

We no longer consider the tailored suit as an appropriate affinity for every and all sorts of accessories. We no longer wear it with a pictureque feather hat, drop earrings, georgette blouse, white kid gloves and velvet slippers. That is why it is rather difficult to wear, for every accessory of the tailored costume must be chosen because of some quality of special fitness.

WISE AND OTHERWISE

TAKE CARE OF YOUR TEETH

NOWADAYS we look upon good teeth not only as marks of beauty, but also as an indication of health. For we have come to realize that neglected teeth, which are usually unlovely, are also usually the source of trouble for the whole system.

And so we wonder how poor Empress Josephine, who, it is said, had to keep her mouth closed when smiling at a fairly young age in order to hide the darkened stumps of her teeth, was affected physically by this fact.

The whole subject does impress on us the necessity of constant and punctilious care of the teeth. This means careful cleaning two or three times a day, and frequent visits to the dentist, so that he may keep track of any possible signs of decay or infection.

These things attended to, we can be pretty sure of teeth that add to our beauty and do not detract from our health.

WHERE IT STARTED

ADMIRAL

The word "admiral" is derived from the Arabic, "Amir" signifying "leader." The Arabic word "al" meaning "the," is placed before a noun; thus "The Leader" is, in Arabic, "al Amir." By some freak of misplacement the "al" was put after the noun, giving Admiral, which in time added the "d" and became our word. Many of our most respected words may be traced to errors such as this.

WHO'S WHO AND WHAT'S HAPPENED

NANCY LARRABEE remains in New York with her mother, JIM LARRABEE, who is an army officer, goes to the Philippines on foreign service. Disillusioned after six months of marriage when she sees another woman in her husband's arms, she plays the social game as her mother dictates, in her relationships with FRANK HARRISON, a wealthy man twice her age, and NICHOLAS WAYNE, whom she really likes.

TODAY'S INSTALMENT

XIII—BEARDING THE LION

I DIDN'T tell Virginia anything about my previous meeting with her broker—after all, it would mean so much explaining, and I've found that it's better never to explain things if you can possibly get out of it. If I told her that I'd lied so that I wouldn't have to dine with her and Frank Harrison, and gone into the house of a perfect stranger when he opened the door, rather than tell Frank that I hadn't told him the truth, matters would be so complicated!

So I just said that the man had been awfully nice, and that he was going to carry her account a bit longer and was sure the stock would go up and she wouldn't lose it and wouldn't have to put any more money up in order to hold it. "That's wonderful!" she said. "A pretty girl can do anything. Haven't I always told you that?"

She had, of course. I went to my own room, feeling tired and discouraged and rather cynical. What a world—where one's own mother urged one to go out and try to get the most out of men that way!

I wished with all my heart just then that I'd gone to the Philippines with Jim, even if he did care more for another woman than he did for me. I wouldn't have had to do this sort of thing!

I dressed for the party that evening rather indifferently, not caring much how I looked. Virginia came in just as I finished, and made me do my hair over again and put on another frock.

"Sometimes you seem to take actual pleasure in looking just as dowdy as possible!" she said. "Don't you know that the very time when you look your worst is likely to be the one when your appearance counts most?"

I didn't say anything; it's impossible to argue with Virginia. Of course, she thought she was giving me good advice. But for about the millionth time in my life I wished that I'd had a different kind of mother.

I wished that we had in America a custom that is frequently followed abroad, where mothers sometimes change children for a year or so. An English girl I'd known at school had been sent, when she was twelve, to stay with a Swiss family in their home, and their daughter of about the same age had come to hers.

Except for occasional visits at home she had stayed there for three years. She told me that when she finally went home to stay she met her parents on a new footing. She got acquainted with them all over again. As a result, her mother was a companion to her, rather than a grown-up person whom she had to mind. She said that it was an experience she wouldn't have missed for the world.

The party got rowdier and rowdier as it got smaller. I told myself that I simply must leave. And there was no chance. Mr. Jordan made it impossible for me to slip away.

Finally I managed to slip away to the telephone in the hall. I called a number that was blazoned across the top of the phone book. "I want to report a fire—" I cried in anguished tones when I got it. "This is number so-and-so Park Avenue—send the engines quick!"

Ten minutes later three of them had arrived, siren whistles shrieking. Everything was confusion. I grabbed the butler, made him get my coat, and left in the midst of the tumult without being noticed.

DINNER

Beef Stew Boiled Potatoes
Carrots, Onions
Fruit Cup Plain Cake

Steamed Rice: 1 cup rice, 1 teaspoon salt, 1 quart boiling water or scalded milk.

Put water and salt in top of double boiler, add gradually the well-quashed rice, stirring with a fork to prevent rice sticking to the boiler. Boil 5 minutes. Place over under part of double boiler and steam 45 minutes. Uncover that steam may escape.

Rice Croquettes: Two eggs well beaten to each pint of rice. Shape in oval balls; egg and crumb and fry as usual. Drain on brown paper, buttered.

Plain Cake:

1-3 cup fat.
1 cup sugar.
3 egg yolks.
2-3 cup milk.
2 cups flour.
3 tablespoons baking powder.
1-8 teaspoon salt.
3 egg whites.
1 teaspoon vanilla.

Cream the fat, add sugar gradually and continue to cream until the mixture is creamy. Add the well-beaten yolks, the milk alternately with the flour, mixed and sifted with the baking powder and salt. Beat mixture thoroughly. Fold in the stiffly beaten whites and vanilla. Bake in a loaf or layers.

TODAY'S SANDWICH

Try this:

A slice of whole wheat bread, buttered.
A sardine split open.
A few drops of lemon juice.
A crisp piece of lettuce.
A spoonful of mayonnaise.
A top slice of whole wheat bread, buttered.

Bebe Daniels In "Miss Bluebeard" At The California

Peppy, snappy, zippy, Frenchy, and all the other adjectives denoting speed and charm, come in mighty handy when one sets out to describe Bebe Daniels' newest Paramount star picture, "Miss Bluebeard," which opened at the California theatre yesterday.

Frank Tuttle directed the production from Townsend Martin's adaptation of Avery Hopwood's phenomenally successful play, "Little Miss Bluebeard." It's the fastest-moving, jolliest little love farce you've ever seen, with Bebe Daniels as Collette, a French actress who finds herself with one husband too many.

From the time Collette and Bob Hawley (Kenneth MacKenna) are stranded in the railroad station of a small French town it's a case of one big laugh piling up on top of another. You laugh when they're left standing there gazing open-mouthed as the train pulls out. You laugh just a little louder when the mayor of the town mistakes them for another young couple and marries them and you roar your head off when Hawley takes Collette to the London apartment of a well known composer and introduces the girl to him as Mrs. Larry Charters—his wife.

What a scent.
Here's a sure-enough rib-tickler. Every scene's a laugh. As a comedienne, Bebe is sure there seven different ways.

Ever see her when she's not serious. There's a treat in store for you.

Robert Frazar has the role of Larry Charters and Raymond, Griffith is cast as the Hon. Bertie Bird who furnishes most of the comedy in the picture.

Other features on the same program include "Honeymoon Hardships," a Mack Sennett comedy; "Hazardous Hunting," a Hodge Podge; Larry F. Canelo at the organ.

Spaulding Man to Talk at School

A special treat is in store for the boys of the Junior high school, when they gather in the school auditorium at 2 o'clock this afternoon to hear the man who is in charge of the making of baseball bats for A. G. Spaulding Bros. sporting goods stores. He will make a short talk on baseball bats, and that national game in general.

Immediately after the lecture the 110 basketball team will play the 110 pound team of Pinole, in the school gym. The teams were evenly matched and a good game should result.

"The Bandit" At The Richmond Is Story Of Spain

"The Bandolero," ("The Bandit"), an unusual picture of love and hate in Spain, directed by Tom Terriss, came to the Richmond theatre yesterday for an engagement of two days. The exterior photography was made in Cuba and Spain, and gives the production not only extremely beautiful natural settings, but also a remarkable atmosphere of realism.

The story, adapted by Mr. Terriss from the novel by Paul Gwynne, is full of action. It is a motion picture more than ordinarily worth seeing.

Pedro de Cordoba is romantically effective in the title role; Renee Adoree, charmingly beautiful, leaves nothing to be desired in her appealing role; Gustav von Seyffertitz is always one of the most delightfully mean villains on the screen, and Manuel Granado, who makes his film debut in this picture, lives up to the promises made for him. Altogether this offering by Metro-Goldwyn should not be overlooked by any one who enjoys thrills and beauty in the theatre.

Other screen entertainment on the same program includes "Lizzies of the Field," a Mack Sennett comedy; "Alice Gets In Dutch," a clever screen novelty.

Coming tomorrow, Norma Talmadge in "The Only Woman" with Eugene O'Brien as her leading man.

You'll see the finest sea scenes in this that you've ever seen. You'll thrill when a mountain of water sweeps over ship decks, when it hits the masts and breaks them in two, when lines go loose and the ship, like a toy, tosses in mid-ocean. And on the decks you'll see Norma Talmadge, greater than ever, giving the performance of her lifetime. See it—it's something different.

El Cerrito Asks Street Work, Mail Delivery From Here

The board of trustees of El Cerrito received communications from the Terrace Welfare club signed by Ruth McMichael, and from the El Cerrito Improvement association signed by Grace McCarthy, asking the board to put a culvert in at the corner of Bates avenue and Terrace Drive as the water from the heavy rains had washed out part of the street and destroyed property. The matter was referred to city engineer, Ross Chfee, who will give an estimate of the cost next week.

The city clerk Alice Morris was instructed to renew the State compensation insurance, which becomes lapsed soon.

A resolution was ordered forwarded by the board to Samuel Shortridge asking that rural free delivery be delivered from the Richmond post office.

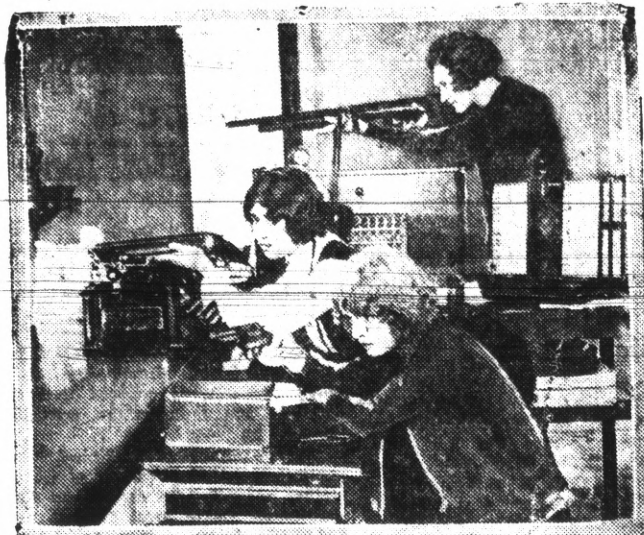

On the recommendation of fire commissioner, Frank MacDermott, a two way fire hydrant was ordered installed at the corner of Fairmont and Novell avenues.

Two maps were ordered to be purchased from the City of Richmond so that the city engineer might fix the correct house numbers for people living in the Mira Vista district.

According to trustee, Fred Lutz, the board will meet some time before the next fiscal year to prepare a budget for the coming year.

A petition was presented to the board asking for the improvement of the following streets with an asphaltic concrete base and a Warrenite wearing surface: Liberty, Elm, Richmond, Norvell, Potrero, Everett. The petition was referred to city engineer for one week.

Man Who Attempted Suicide is Removed To County Hospital

Clarence Boyd, 46, of 815 California street, who attempted suicide late Saturday afternoon, by jumping in front of a Santa Fe switch engine, at the entrance to the tunnel near Richmond avenue, was moved to the county hospital at Martinez yesterday.

A broken leg and cuts about the head were the extent of Boyd's injuries. His attempt at suicide was frustrated when the standing board on the engine threw his body from the tracks.

Hospital attendants at the Cottage hospital, where he was treated after the accident, reported that he was doing very nicely and that there was no doubt of complete recovery.

Wynne Ferguson's "Auction Bridge"

We have received an advance copy of Wynne Ferguson's new book.

The game of Auction has grown in popularity until nearly everybody wants to play. If you are interested in the game you will enjoy this new book of Mr. Ferguson's. You cannot possibly play a good game unless you know the Laws and Rules and the Conventions. This little book contains all the Laws and Rules adopted by the New York Clubs. All the new Conventions now in force including the Spade Convention and details of the Invention and Intertory Doubles in plain language. A complete dictionary of all Auction Bridge terms. It is used by the best teachers all over the country. The reason for this is plain enough: Everything they teach is in this book.

It will teach you to play Bridge and you may learn to teach Bridge if you will give this book most careful and thorough study.

The book is published annually that Auction players everywhere may keep abreast of the times and know all the latest wrinkles of the game. Could one want more? We ask you?

The book tells you in plain language: What card to play when it's your turn to lead.

The definition of all the words and terms used in Auction Bridge.

When to take your partner out of his declaration.

When to double and what to do when your partner has doubled.

All about the Informative Doubles and the Spade Convention.

It tells you what to lead and when to double. It contains: All the New Rules and laws of the game.

An authentic Table of Auction Leads.

All the established Standard overcalls and take outs.

A complete dictionary of all Auction Bridge terms.

A comprehensive page of Don'ts that every Auction player must keep in mind.

A complete analysis of the latest doubling conventions.

At all bookstores.

Basketball Treat As Pullmans Meet

Basketball lovers are promised a treat when the Pullman district team of Richmond meets the Pullman district team of Oakland in the Junior high school gym at 8:00 o'clock tonight. Nothing, or very little is known of the ability of the visiting team. The Pullman five of this city, however, made a good showing in the Richmond Basketball league and are capable of giving any amateur team a run for their money.

Mrs. Mary Rambo Funeral Wednesday

Mrs. Mary Jane Rambo of this city, who died at a San Francisco hospital yesterday morning, will have final respects paid to her memory at 3:30 o'clock Wednesday afternoon from the chapel of Wilson and Kratzer. The deceased was a native of Pennsylvania, and was 81 years of age. She had resided here with her son, R. A. Rambo, 167 Santa Fe avenue for eight years.

The services will be conducted by Rev. W. P. Grant, pastor of the First Methodist church. After the services the body will be shipped to Columbus, Kansas, where interment will be made in the family plot there.

Petaluma Juniors To Play Locals

Saturday afternoon the 110-pound and the unlimited basketball teams of Petaluma Junior high school will journey to this city and engage the teams of the Junior high school in the school gym here. This promises to be one of the best games of the season, and enthusiasm is at white heat at the local Junior high in anticipation of the event. A luncheon will be prepared by the Ladies of the Junior high school P. T. A. for the visitors, which will be served by the girl students of the school.

Germ's Nose Cold Balm

Cause that Cold

Head colds are caused by germs in the membranes. Combat those germs locally. Don't wait the slow results of internal remedies.

Apply Ely's Cream Balm in the nostrils and breathe it. Force the antiseptic fumes through the air passages. The head is cleared at once, the misery is ended. The cold soon departs.

Don't suffer another hour from that stuffiness. Ask your druggist for a bottle of Ely's Cream Balm. Your head will be as clear as a bell.

A NEW SERVICE for RICHMOND

We mention the new motor coach service in Richmond because it is unusual, and interesting.

Although we neither own nor operate the Point Richmond-San Francisco ferry, transportation to its terminals is necessary if the public is to benefit by it.

We have, therefore, provided motor coach transportation on regular schedule from Richmond downtown points to the ferry slip.

This service we regard as part of our duty in furnishing "the best transportation service in America." It is now operated at a loss. Our Richmond people demanded this service and we granted it although it diverts traffic from our profitable street car lines.

Royal Neighbors Surprised By Modern Woodmen

A surprise party to the Royal Neighbors by the Modern Woodmen of America, No. 11622, was the pleasant event enjoyed at the gathering of the members in the Richmond hall last night. A program, dancing and a banquet were the features of the affair.

A large attendance was present to partake in the festivities. The following program was given: vocal solo, H. W. McCausland; recitation, Warren Urch; sketch, Frank Carroll and A. English; vocal solo, Miss McCausland; vocal solo, Archie Winchcole.

Dancing was enjoyed to strains of the Modern Woodmen orchestra. After which a banquet was served. The committee to whom the credit for the arrangements must go was composed of C. P. Nichol, Warren Urch and Frank Carroll.

On February 20, an initiation and banquet will be held by the Modern Woodmen. George Sinclair is chairman of the committee in charge.

A masquerade ball will be held by the order on February 27. Prizes will be given for the best costumes and other features will be provided for the affair. The committee in charge of the affair is composed of H. W. McCausland and M. J. Arnold.

Encampment to Entertain Grand Patriarch Here

Plans were made to aid in the entertainment of H. C. McDowell, grand patriarch, who will make his official visit to the Contra Costa Encampment, I. O. O. F., on the night of February 18, at the meeting of the Eclipse lodge, No. 403, in the Richmond hall last night.

The committee in charge of the arrangements is composed of M. G. Cofer, chairman; and C. W. Washburn. There will be degree work and a banquet on that night.

Announcement was also made that the drill team of the lodge would go to Fidelity Lodge, No. 222, San Francisco, on the night of February 23, to confer the second degree. A banquet and entertainment will follow the ceremonies. It is expected that a large number of members from there will attend. R. B. Hamilton, noble grand, presided at the meeting.

BIRTHDAY PARTY AT HOME OF J. COLOMBO

The many friends of John Colombo gathered at his home in Ohio street on Sunday afternoon to celebrate his birthday. Many remembrances of the occasion were presented to the young man. Mrs. Josephine Colombo served ravigolas to the guests as a climax of the festivities.

VALENTINE PARTY AT BRESSLER HOME

The W. M. Bressler home in Lawton avenue, Oakland, was the scene of a valentine party given by Mr. and Mrs. Bressler on Saturday evening. A large number of their Richmond friends were present and they all enjoyed games and music.

Mrs. Frank Hartley and Mrs. Effie Rose entertained with readings and a duet was sung by Mrs. Ethel Butler and Mrs. Ella Locke. The hostess who is a past president of the Bi-County association of the Royal Neighbors of America, served dainty refreshments.

Those present were Mr. and Mrs. Clarence Sprinkle, Mr. and Mrs. P. W. Hartley, Mrs. Jessie Jachter, Mr. and Mrs. Carl Lindquist, Mr. and Mrs. E. Smith, Miss Edna Vireo, J. Jackalite Croter, Mr. and Mrs. E. Morland, Mrs. Ethel Butler and Mrs. Jerome Locke, Mrs. Preston Foster, Mr. and Mrs. Jarry Matthews, Mr. and Mrs. William Bressler.

SURPRISE PARTY IN HONOR JOHN WALLACE

A delightful surprise was given John Wallace on Saturday night when friends unexpectedly celebrated his birthday at his home in Stege. The group was made up of members of Richmond Temple, No. 86, Pythian Sisters. Delicious refreshments were served after an evening spent at cards.

The winners at the card tables were Mrs. Cora Wallace and Alvin M. Master and the consolation favor went to Mrs. Julia Maskell and Mr. William Baughman.

PRE-LENTEN WHIST PARTY TO BE HELD

At 7:30 o'clock on Friday night a pre-Lenten whist party will be held at the hall of Our Lady of Mercy church on West Richmond avenue.

Engagement Is Announced At Dinner Party

The engagement of Waldemar Kruger, son of Mr. and Mrs. A. M. Kruger, to Miss Gladys Helen Rouse, Richmond, was announced at a family dinner at the Kruger home in Stanger avenue, Berkeley, on Sunday afternoon. The betrothal was told to a large number of friends in cards sent through the mail.

This city has been the home of the bride-to-be for many years. She is a graduate of the Richmond Union high school and has a large circle of friends here. She has been employed by the Merchants Trust company for the past three years and Mr. Kruger also holds an important position in that establishment. The marriage will take place in June.

At the dinner were Mr. and Mrs. W. Lane, Mr. and Mrs. J. J. Gurley, Mr. and Mrs. Bert Kruger, Mr. and Mrs. A. N. Kruger, Miss Nedra Kruger and her fiancé, Paul Beck, Miss Rouse and Mr. Kruger.

BUSINESS WOMEN FORM GYM CLASS

Formal organization took place last night when the gymnasium section of the Richmond Business and Professional Women's club met in the gymnasium of the Richmond Union high school, corner Twenty-third street and Macdonald avenue. Miss Ingeborg Adams is to be director of the class in the future and expects to accomplish a great deal in the way of physical education for the women.

Mrs. Clara Hansen will entertain the glee club section this evening at her home. Songs are to be learned, which are to be presented at the dinner Tuesday night, February 24, in St. Edmund's Episcopal church.

HI-Y BOYS CLUB HAS INITIATION

A special initiation service was the feature of the meeting of the Hi-Y boys' club last night at the Y. M. C. A. THEOSOPHICAL LECTURE

Tuesday, Feb. 17th at 8 p. m. "THE BIBLE RENDERED COMPREHENSIBLE" By Harriet T. Bartlett W.O.W. Hall 7th & Macdonald Admission Free - Collection

Literary Student To Lecture At W. O. W. Hall Here

Mrs. Harriett T. Bartlett, who will lecture on "The Bible Made Comprehensible" in W. O. W. hall this evening at 8 o'clock has been a deep student of Oriental literature, science and the Hebrew Kaballah as well as Theosophy for many years and has gathered many illuminating facts from the various sources that she brings forth in a unique and most interesting way.

Anyone interested in Biblical interpretation cannot afford to miss these talks, according to those who have previously heard Mrs. Bartlett talk. They give to the mother a sound and reasonable explanation of the obscure passages of Scripture that will help her answer the question of the children. They give to the Sunday school teacher interesting facts that will help her with her classes. They give to the adult an answer to many of the questions he has been asking himself. She gives to the ordinary listener an interesting and instructive discourse that he will take away with him.

No admission will be charged nor collections taken up. Everyone is cordially invited to attend.

District Manager Visits Woodmen Of World Lodge

The visit of T. J. Van Hooser of Oakland, district manager, who explained to the assembled members the holding of the thirty-fifth anniversary of the order, was the feature of the meeting held last night by the Log Cabin Camp, No. 637, Woodmen of the World, in the W. O. W. hall.

Van Hooser said that the affair was to be in the nature of a reunion as well as the celebration of the thirty-fifth anniversary of the lodge. The affair is to be held at Pinehurst Park, which is located on the main line of the San Francisco and Sacramento railroad, on Saturday night, June 6.

Among the features of the event will be a class initiation of 1500 members, the attendance of 20 drill teams, the presence of head officers from the supreme lodge, serving of refreshments and an entertainment of unsurpassed excellence. The champion drill team from the Oakland Camp No. 94, will go through their maneuvers for the entertainment of the guests.

All lodges of the order within a radius of 100 miles of Oakland, will take part in the affair. J. H. Bedbury, counselor commander, presided at the meeting.

NEITHER CRUELTY, JEALOUSY NOR SELFISHNESS EVER SUCCEED

Healing by the use of herbs is the oldest method on earth. Since the practice of medicine came into existence, the Medicos have waged war vigorously on the other schools of healing. Their first targets were the Chinese Herbalists. However, because the people who have been restored to health by the herbalists stood by them and protected them, the Medicos were not able to harm the Herbalists; in fact, their business steadily increased, as the advertising given them through the courts was of benefit to them.

The second set of targets was the Christian Scientists. They, however, banded together in such great numbers that they succeeded in getting a law passed protecting them from prosecution. Next the Medicos attacked the Chiropractors, who succeeded in getting a law passed which gave them the same standing in the State of California as that of the Medicos themselves.

The Chinese Herbalists, however, are so few in number that they are helpless politically. Now that all their other targets have gone, the Medicos have turned all their guns on them and sometimes make three or four onslaughts in a single month. The chief target is the FONG WAN HERB CO., at 576 Tenth St., because Fong Wan is known all over the Pacific Coast as the most successful of the Chinese Herbalists. Were he incapable and doing but little business, they would not bother him.

Of course, neither drugs nor herbs can give relief in every case. Therefore, sometimes when the medical agents secure the addresses of persons who have patronized the Herbalists, they are able to persuade few of them to testify against the Herbalists. Sometimes the Medicos send people to spy on the patrons by pretending to be sufferers or by saying that they have relatives at home who are suffering, and asking advice. They try to get information or advice from these patrons so that they may subpoena them as witnesses against the Herbalists. Many patrons have wisely refused to answer questions and have not been bothered.

Chronic Cough

STOCKTON, CALIF., Sept. 22, 1924.

About three years ago I was very weak after having suffered from Spanish Influenza, and I contracted a cough which settled on my lungs. This cough persisted and kept gradually growing worse. I tried every remedy recommended to me, but nothing seemed to relieve me.

A year ago I had so severe an attack of coughing that I was compelled to quit work. I had just about believed a cure impossible when friends and relatives urged me to go to FONG WAN, the Herb Specialist. I noticed an improvement after the first cup of herb tea, and after three or four weeks, I felt like a new person.

Today, thanks to Fong Wan and his herbs, I can boast of a sound pair of lungs and a good heart.

Dry, Scaly, Itching Skin

Don't let it destroy your comfort or your looks. Don't let pimples, blotches or eczema worry you.

Modern science has found a quick corrective. It relieves at once. It heals so soon you will laugh at such troubles.

Sulphur, of course, is a chief factor. No one can hope to find a better way to fight parasites in the skin. But decades of study have revealed ways to bring multiplied effects.

Mentho-Sulphur combines all that is needed—all the best men know today. It has brought to countless people skins clear and smooth and fine. A few cents will command it, a moment will show relief, and three days will often restore normal conditions.

Just ask your druggist for a jar of Rowles Mentho-Sulphur. Learn now how easily such troubles can be ended.

Steel Package Co. Head Home Robbed

While the owners were on a trip to the southern part of the state over the week-end, the home of H. H. Mylander, 1728 San Lorenzo road, Berkeley, was robbed. The effects of the house were ransacked and left scattered about by the burglars. The robbery was reported by S. B. Merry, a neighbor, to the Berkeley police, when he discovered the front of the residence open. He could not say how much property was taken.

Mylander left last Wednesday for Los Angeles and it is expected that he will return today in response to the call. He is president of the Republic Steel Package company here.

Funeral Wednesday For Mrs. Ida Daley

Word was received yesterday by Mrs. Ida Daley of this city of the death of her sister-in-law, Mrs. Frank Rathmanner, in Hayward, Sunday night. In the past two years there have been three deaths in the family, the passing of Mrs. Rathmanner was preceded by John Daley and James Daley.

Funeral services will be held in Martinez, Wednesday morning, and burial will be made in Antioch.

INTRIGUING TUNIC MODEL

Void of belt, as most of the smart tunics are, and trimmed with fur, as Paris loves to use it, this costume in fuchsia satin meets the needs of the woman whose calendar is crowded with afternoon affairs or who often dresses semi-formally. Of course the model may be carried out in other materials, but the point is to show how versatile is the tunic and how easy it is for the home dressmaker to produce. The gathered shoulder fronts attached to the back of the blouse are also a dateline of the latest models. Medium size requires 3 1/2 yards 36-inch satin for the tunic and lower part of the skirt and 1 1/2 yard of lining.

Pictorial Review Blouse No. 2480. Sizes, 34 to 46 inches bust and 16 to 20 years. Price, 35 cents. Bodice Skirt No. 2236. Sizes, 34 to 48 inches bust and 14 to 20 years. Price, 30 cents.

Daily Cross Word Puzzle

The way to solve the Cross Word Puzzle is to fill in the white squares of the diagram with the words which agree with the accompanying definitions. The definitions are numbered to correspond with the numbers on the diagram.

Any word defined in the text under "HORIZONTAL" will begin at its number, shown on the diagram, and will extend all the way across the white space remaining uninterrupted.

to the first black space to the right of that number. That is, the word must begin in the square that contains its identifying number, and extend as far as the white squares continue uninterrupted.

Any word defined under "VERTICAL" will also begin in the white space that contains its number, but will extend downward as far as the white space remains uninterrupted.

Kearney-Furrers Lose To San Jose

A defeat at the hands of the Y. M. C. A. Basketball team of San Jose, at San Francisco, Saturday night, marked the end of the hopes of the Kearney-Furrer team, champions of the Richmond Basketball league, for further honors in the Pacific Athletic association. They were defeated by a score of 28 to 26. This defeat eliminated them from the P. A. A. It was announced that the team would probably be disbanded.

First Baseball Game to Be Played Here on Saturday

The first baseball game of the year for the Richmond Union high school scheduled for this Saturday, with the University of California freshmen team, on West field, Berkeley. From the latest reports the freshmen team is one of the strongest aggregations in years, and will force any high school to the limit to win.

However, unlike basketball, the freshmen baseball team of former years, and some of them have been strong teams, have met defeat at the hands of the bay high schools teams. And although the first year men of the university are reputed to have an exceptionally strong team, it is not improbable that the local boys might win.

Coach Hill says that he has one of the most likely looking teams in years and if present indications mean anything, the rest of the high schools about the bay will have to go some to win from Richmond.

The men have had little chance so far this season to do much practicing, but Coach Hill promises that they will be given strenuous workouts this week. Those who have been showing up in practice this season are: Gualdoni and Remer, c; Villalobos and Murray, p; Paasch and Johnson, 1b; Barberi and Chassey, 2b; Swenson, ss; Hirth, 3b; Thompson and Fraser, lf; Pimm and Edgar, cf, and Tallon and Gordon, rf.

Oakland Leads In Sciots Club Team

Clubs	Pct.	Won	Lost
Oakland	824	5	1
Berkeley	500	3	2
Richmond	333	2	1
Alameda	333	2	1

A great deal of interest has been shown by the Sciots of the East Bay in the Indian club passing tournament. So far this season each team has engaged in six contests. Of this number the Oakland team has only lost one contest.

The Oakland aggregation is admitted to be the class of the league, and it is expected that they will eventually walk-off with the cup at the finish of the tournament. As for the other teams they are about equal in ability.

Two weeks ago the Richmond team defeated the Berkeley club, but this last Saturday they met a tartar in the Oakland club. In an effort to redeem themselves for the coming matches the Richmond team is practicing every evening.

Santa Fe Cagers Defeat Y. M. C. A.

On Saturday night the Santa Fe cagers journeyed over to the Y. M. C. A. and gave the Y boys a neat trouncing to the tune of 26 to 21. The game was fast and furious the entire time but the railroad five shaded the other two teams slightly and managed to slip over the winning two points in the last few minutes of play.

The line-ups were:
Santa Fe—Coakley, Hunt, Grand, Verria, Arthur, and Mierdesse.
Y. M. C. A.—Rodriguez, Woods, Church, D'Arcy, Walker, Allen and Spear.

Widely Known Man Named Manager Of Fairmeade Club

W. H. Murphy, who has been appointed clubhouse manager for the Fairmeade Golf Club.

Appointment of W. A. Murphy, for twenty-five years associated with well-known steamship lines and prominent clubs as manager and steward, clubhouse manager for the Fairmeade Golf Club was announced yesterday by C. S. Rust, secretary of the club.

Murphy has been placed in complete charge of the kitchen and dining room facilities of the club, and in addition will supervise the other departments of the clubhouse. He will superintend the purchase of all equipment for the club and its installation, Rust said.

For fourteen years, Murphy was in charge of the White Star line stateroom, kitchen and dining room ser-

TRANSMIT IS APPOINTED
Appointment of Charles T. Martin as city transmit on the engineering force, was approved by the city council last night. The appointment was made by City Engineer E. A. Hoffman with the approval of City Manager J. A. McVittie.

For two and a half years he was chief steward of the Matsonia, and has served with the Elks Clubs in Manila and Honolulu, The American club in Buenos Aires and the Denver Country club.

Murphy was selected as house manager from among a list of fifty applicants, according to Rust, because of his complete experience in all departments of club management.

Community Five Lose to Wesleys In Church League

Handicapped by the sickness of several members of their team and forced to use mostly substitutes the Community Methodist five took a defeat at the hands of the Wesley Methodists at the Y gym last night by the score of 41 to 16. The Community put up a valiant struggle and did their best but they were no match for the speedy Wesleys as was shown by the scores.

Time after time Fowell of the winners shot baskets from any angle and soon after the start of the game his teammates saw the advantage of feeding the ball to him and at the end of the struggle he had 22 points to his credit on the score book.

The Communities were about equal in both floor work and basket shooting—so equal that no star could be picked from the lot.

The line-ups follow:
Methodists—J. Hoskins and W. Fowell, forwards; C. Freeghy, center; T. Hoskins and R. Krouler, guards.

Communities—C. Roberts and W. Hillier, forwards; Olsen, center; W. Lockwood and Greenlee, guards.

High Boys and Girls To Play This Week

Both the boys and girls basketball teams of the Richmond Union high school have games scheduled for this week. The girls unlimited and 125 pound teams will go to San Rafael on Thursday afternoon, and engage the teams of the Mt. Tamalpais high school. On Saturday afternoon the boys unlimited basketball team will play the Mt. Tamalpais Military Academy, at San Rafael.

The boys team is a heavy favorite to win, judging by their record this year. Not much is known of the embryo soldier boys, but there is one thing certain, they will fight, and a fighting team always has a chance.

According to dope the girls team are evenly matched, and the breaks of the game will most likely decide the winner.

Mercurys to Play Oakland Red Men

The Mercury's vs. the Redmen team of Oakland, is the delicate dish that has been prepared for the plate of the baseball fan, on Thursday night at the Junior gym here. There will also be another game immediately after this one. The Club team is to play the winning team of the Banker's league of Oakland.

CHEROKEES ONCE TELEPHONE SHY; NOW FULLY 'SOLD'

Imposed Stringent Restrictions
in Granting Permission for
First Oklahoma Line

When the telephone was introduced into Oklahoma—then the Indian Territory—some 118 years ago, the prejudice of the Cherokee Indians had first to be overcome.

In 1855, the Cherokee legislature granted a license to a small company to build a telephone line from Tahlequah to Muskogee, but, owing to the fact that it might prove an opening wedge for the railroad which would bring the white man's civilization into their territory, the Cherokees imposed certain restrictions before the project received their approval. One of the conditions embodied in the bill were that the line must be constructed through the hills along a route which it would be impossible for a railroad to follow, that while help should not be employed in its construction and that habitations should be avoided to lessen the danger from lightning to the Cherokees' homes and stock.

Some years later an exchange was established at Tahlequah, the first in the state, and an Indian was placed in charge. His fathers had used the signal smoke to carry messages, afar, but now the Indians use the electric spark and the white man's harness. The signal smoke fire is no more. And the Indian, once the most taciturn of all races, through the use of the telephone, has become, if not garrulous, at least fluent in speech.

From the start the Cherokee telephone was a success. When the Indians assembled to "see the wire talk" and found that it could do so not only in English, but in Cherokee as well, their enthusiasm was unbounded. The soft gutturals of the Cherokee tongue were found to be the easiest of any language spoken in the Southwest to transmit over the telephone, their musical tones being free from any harsh notes.

Today, Oklahoma has over 250,000 telephones, one for every nine of the inhabitants. In fact, there are more telephones in Oklahoma than there are in Italy, Hungary, and Portugal combined.

What a Pity

To waste a day.
A pleasant morning drink
prevents it always.

Think of the days lost by headache by dullness, by unfitness. Just because the stomach isn't right, or the bowels are clogged by poisons. That's all unnecessary. Millions now prevent those lost days by an easy, pleasant method.

On rising drink a glass of water, hot or cold. That washes out the stomach before breakfast. Add to that water a little Jad Salts. That makes it delightful and sparkling. Jad Salts are made from acids of lemon and grape, combined with lithia.

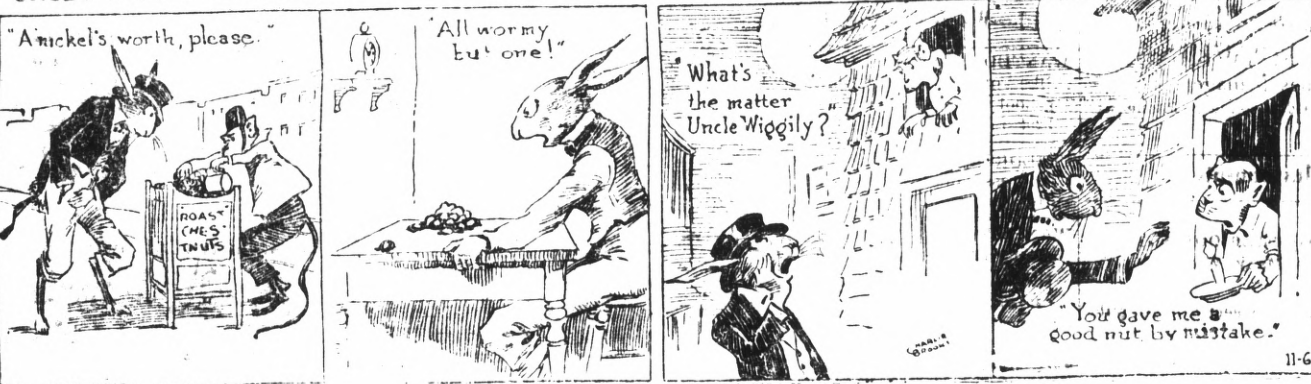

In an hour comes a wonderful change. The poisons are eliminated. All that makes you miserable is gone.

The day becomes sunny, you become fit. You feel as you felt when a child.

You gain a day, which otherwise is lost. You place yourself at your best.

Try Jad Salts one morning in your glass of water. It will bring a revelation. You will never again let a day start wrong. All druggists have Jad Salts.

NATATORIUM BIDS REJECTED AS TOO HIGH

All bids on the Richmond municipal natatorium were rejected by the city council last night, as being very much too high. All bids on the \$55,000 home issue were also rejected except that of Dean, Witter and Company, which was the highest bid offered. This bid was not accepted, but was held for one week with the right to reject it.

It was indicated that the plans and specifications for the natatorium bath house might be re-drawn and new bids asked for, although official action to this effect was not taken. All certified checks accompanying the bids were ordered returned to the bidders and no further definite action was taken.

Bath house bids and bidders were as follows:

Scott Company, plumbing, \$8,980; heating, \$10,185.
F. W. Maurice, general bid \$76,980.

Deserted Wife Seeks Divorce

Four days after her daughter was born, her husband, Frank M. Mungia, wrote her that he did not love her, did not intend to live with her and desired that she continue to make her home with her parents in Arizona, where she went for the expected visit of the stork. Mrs. Petra Mungia of Richmond charges in suit for divorce she filed.

Mrs. Mungia says she has made repeated efforts to locate her husband, but has failed. She charges wilful desertion and neglect and asks custody of her daughter, now two years old. The suit was filed through Attorney Will Roberson.

COUNCIL POSTPONES MEETS

Due to the fact that Washington's birthday will be observed on Monday, February 23, the Richmond city council adjourned until Tuesday night, February 24.

The El Cerrito board of trustees will not meet until Wednesday evening, February 25, for the same reason.

Richard Austin Funeral Is Held

An appropriate solo by Mrs. John Kinstry, accompanied by Miss Florence Clark was the feature of the funeral services held for Richard Austin, who died Friday night at his home, 1020 McLaughlin avenue, yesterday morning at 11:30 o'clock from the residence. After the services the funeral cortege boarded the Southern Pacific ferry at 1:10 o'clock for the journey to San Mateo county, where interment was made in the Hill Cross cemetery.

The deceased was 59 years of age and resided in this city for a period of 12 years. He was a member of Crockett Lodge No. 417, Woodmen of the World. Those who survive him are a widow, Catherine, and the children: Alma, Edmond, Richard, Jr. He was the father of the late Charles William and Emily Austin.

El Cerrito Notes

Clarence Long is reported dangerously ill at the Alta Bates hospital.

Rube Curry spent Monday in San Francisco visiting his brother, Chas. Curry, who has been seriously ill at St. Luke's hospital.

A big whist party and dance will be given at Huber hall Saturday evening, February 21, by Mrs. Leish. A big time is assured, good prizes and music is promised.

Miss Mary Peralta has been ill for the past week with la grippe.

Mrs. E. A. Nelson and daughter, Laura, are both recovering from a severe case of la grippe.

T. A. Hayes, probation officer of Contra Costa county, was in El Cerrito Saturday on business.

F. H. Wright, Jr. is now able to be out after a siege of la grippe.

BODY OF AGED FISHERMAN IS FOUND IN BAY

The breaking of an electric bulb placed in the hold of the Lubrico, Standard Oil tanker, on which an explosion occurred Saturday night, was the cause of the blast that injured five men, according to report made by the company officials yesterday. The men suffered burns about the upper part of the body.

According to the testimony of those at the scene of the accident, the Lubrico was being cleaned out to carry a different kind of oil from that which she had been carrying. It was while the hold had been washed out with distillate that the explosion happened. The men were about the rim of the hatchway when an electric light globe, placed in the hold of the ship broke in some unexpected manner, igniting the gas fumes. The blast shot upwards burning the faces of the five men.

The names of the victims as released by the company officials are: Milburn Williams, refinery employee, burns about the upper part of the body, under treatment at Merritt hospital, Oakland; Robert Kyle, burns about face and neck, under treatment at Marine hospital, San Francisco; B. E. Rowland, refinery employee, slight burns, under treatment at his home here; T. E. Washabough, refinery employee, superficial burns, under treatment at his home here; Elva Frieze, refinery employee, superficial burns, under treatment at his home here.

Buried in the mud of the section that is known as Long Beach, and badly decomposed, the body of Carl Fredericks, elderly fisherman who has been missing since October 3, was discovered yesterday morning by a fisherman. Identification of the remains was established by Captain B. V. Shirley of the police department, who was personally acquainted with Fredericks.

It is believed that the body was washed ashore by the tide, and judging from the state of decomposition it may have lain in the beach for some time. Police are of the opinion that the man was drowned in the bay while fishing.

The body has been taken in charge by Coroner C. F. Donnelly. The old seaman lived in a shanty near Ellis Landing.

Timothy Cronin, 37, and Julia Quill, 25, both of Richmond, were issued a marriage license in Martinez yesterday. Cronin is an employee of the Standard Oil company, and is well known here.

TELEPHONE CO. GIRLS BRAVE MARIN STORMS

Rising to the emergency, in the dead of night, 64 telephone operators in flood swept Marin county, without exception, braved the elements in reaching their posts without delay, when fire alarms and bells sounded a general alarm, at 3 o'clock, Wednesday morning. Within a few moments, the switchboards of the Pacific Telephone and Telegraph company's exchanges, at Mill Valley, Sausalito, San Rafael, San Anselmo, were being taxed to capacity by frantic calls from beset and rescuers.

When general alarm signals roused Marin County residents, telephone operators, unanimously sensing a call to duty endeavored to make their way to the exchanges. Most of the young women braved the icy waters without shoes or stockings. In some cases operators were unable to leave their homes because of the rush of flood waters and men employed by the Telephone company fought their way to these stranded ones and carried them through waist deep torrents to waiting automobiles. T. J. Donnelly, in charge of operating employees at San Anselmo brought several girls from flooded homes to the exchange.

GIRLS WORK BAREFOOTED

Dry shoes and clothing were procured for the operators through the Telephone company's agency although, until this was possible, the majority of operators were forced to go barefooted. The capacity of the exchanges continued to be taxed to the utmost throughout Wednesday, Thursday and the rush has abated but little.

Nearly two feet of water swirled around the exchange buildings at Mill Valley, Sausalito, San Rafael and San Anselmo, while in Sebastopol six inches of water covered the floor of the exchange room in which all operators remained on duty. No telephone exchanges were put out of order but functioned at top speed throughout the duration of the catastrophe.

Due to the great number of calls placed by Marin residents, the operating forces in the towns concerned were immediately augmented and now 73 operators and four chief operators are manipulating the switchboards in the four flood taxed towns of Mill Valley, San Rafael, San Anselmo and Sausalito.

Seems like one just simply can't keep a secret "Secret."

The New Building at 8th and Nevin

That's the reason for Read's recent announcement—offering Thousands of Dollars worth of merchandise at Reduced Prices, for "Spot Cash" to raise the remainder of the money to meet the payments on the proposed new building.

But it was intended to keep this as sort of a "surprise"—not to tell you about it until later. And now the newspapers have gone to work and published the whole story. Seems like one just simply can't keep a secret "Secret."

SALE STILL ON

—This sale of Superior Merchandise for "Spot Cash" is still on, and will continue until further notice. It is intended to make of Read's already a "Helpful Store—an indispensable institution."

—Read's policy has been, is, and will continue to be—"GET THE GOODS for the Same Money, or the SAME Goods for Less Money"—and, as everybody knows, this Store always lives up to its promises.

Tomorrow we're going to tell you about One Particular Line of merchandise in which every housewife will be interested.

GOLD BRICKS

Whether in the form of handsomely engraved stock certificates or gilded bars, "gold bricks" continue to enjoy a rich and eager market.

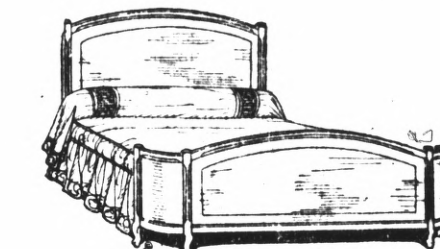

Last year more than 850,000,000 hard-earned silver dollars were exchanged for shares in goldless gold mines, money-making machines and honest but ill-advised business ventures.

A repetition of this loss is unnecessary. A careful investigation of these so-called "securities" will usually reveal their true worth.
